with rethink revolution unleashing the power of fresh perspective explore a world of radical thinking through this fascinating voyage into the world of creative thinking you will investigate the dynamic dynamics that underlie the capacity to challenge adjust and welcome change learn the powerful effects of questioning accepted wisdom and releasing the potential that is within your own viewpoints this book encourages readers to challenge presumptions reevaluate views and be open to new ideas as it serves as a guide through the ever changing world of ideas using examples from everyday life cognitive research and useful techniques it provides insights into the art of original thought and how it may improve one's personal and professional development rethink revolution offers practical advice to harness the power of new viewpoints whether you're a seasoned leader looking to motivate your team an entrepreneur traversing uncharted territory or an individual on a self discovery journey accept the reinvention journey as a means of developing your creativity resiliency and deeper awareness of the world

we need to spend as much time rethinking as we do thinking why do we refresh our wardrobes every year renovate our kitchens every decade but never update our beliefs and our views why do we laugh at people using computers that are ten years old but yet still cling to opinions we formed ten years ago for too many of us our ways of thinking become habits that we don't bother to question and mental laziness leads us to prefer the ease of old routines to the difficulty of new ones we fail to update the beliefs we formed in the past for the challenges we face in the present but in a rapidly changing world we need to spend as much time rethinking as we do thinking explores the psychology of rethinking is a book about the benefit of doubt and about how we can get better at embracing the unknown and the joy of being wrong evidence has shown that creative geniuses are not attached to one identity but constantly willing to

rethink their stances and that leaders who admit they don't know something and seek critical feedback lead more productive and innovative teams new evidence shows us that as a thought and a skill rethinking can be taught and this book explains how to develop the qualities needed to do so in the end learning to rethink may be the secret skill to give you the edge in a world changing faster than ever
